# *Byala Café*

*Byala means “lets talk” in the native language of the Dharawal people of the Tharawal Nation.*

*Recognising this as a place where people can come together for a yarn/chat and connect.*

*Byala is a way of keeping the local people connected to their land, culture, spirituality, families & community; and by continuing to keep those important connections that are of importance to the Dharawal people.*

*We pay our respects to the Dharawal People of the Tharawal Nation, acknowledging them as the traditional owners of the land on which we all gather. Honouring Elders past, present and emerging and all other First Nations Australians, respecting their continuing connections to lands, waters and communities that were never ceded. We stand beside our Indigenous brothers and sisters in solidarity for Makarrata.*
